

Osprey[®] 100

Video Capture Card

Capture video-only camera feeds.

The Osprey 100 video capture card helped start the streaming media revolution. Designed to capture video for streaming, this card is an excellent choice for budget-conscious users who need to capture and deliver video from composite and S-Video sources.

Ideal for video streaming.

The Osprey 100 is ideal for capturing video-only camera feeds:

- *Security, such as ATM machines*
- *Medical and scientific equipment*
- *Surveillance equipment*

Capture and streaming possibilities.

With the Osprey 100, you can plug in any standard video source, such as a VCR, camera or camcorder, and view crisp video on a PC. Use multiple Osprey 100 cards simultaneously in a single system or mix and match other Osprey cards for more input options.

Ideal Solutions —————

- > Security
- > Enterprise
- > Government
- > OEM systems integrators
